

ROOSEVELT'S LIFE WAS IN DANGER

SAYS CAPTAIN OF POLICE PETERSEN WAS INTOXICATED

W. J. PETERSEN, CAPTAIN OF POLICE OF OAKLAND.

San Francisco Policemen Declare Officer and Churchman Was Riotously Drunk.

Captain of Police W. J. Petersen, who, since his connection with the police department of this city, has been prominent in church circles and religious movements, is accused by two San Francisco policemen with having been riotously drunk in March last at the ferry depot in the city across the bay, and to have flourished a revolver in a dangerous and threatening manner, stating that he was in search of a man with whom he had trouble in Oakland.

According to the statements of the San Francisco police officers, the Captain was put on a boat and sent to his home city.

DENIES CHARGES.

Captain of Police Petersen denies that he was hilariously drunk, boisterously drunk, or drunk at all. He believes that the written statements filed with Chief of Police Dinan of San Francisco by Patrolmen James F. Welch and Frank de Grancourt, are false, and that they were inspired by the recent speech he made in San Francisco, condemning the wholesale graft alleged to exist in the metropolis.

CAUSES SENSATION.

The charges have caused a profound sensation at the City Hall. Many people are inclined to believe that there is no truth in the charges because Petersen has always been a good church member, and has always been ready to champion the cause of good morals and probity.

The charge that he was drunk—so drunk that he frightened people with the revolver he usually reserves for burglars, is not credited by Chief of Police Hodgkins, whom Petersen recently sought to displace as Chief.

CHIEF HODGKINS.

In fact, Chief Hodgkins not only states that he does not believe his enemy in the police force was not

WOMAN THREATENS SUICIDE

Leaves Note When She Leaves Her Home

"I COULD LIE DOWN LIKE A TIRED CHILD AND BREATHE AWAY THE LIFE OF CARE WHICH I HAVE BORNE AND STILL MUST BEAR."

These words written on a sheet of paper, pinned to a door in the house occupied by Mrs. J. T. Coughlin at 2918 Telegraph avenue gave the information last night to Mrs. Coughlin's relatives of her apparent intentions to commit suicide.

Mrs. J. T. Coughlin, residing at 2918 Telegraph avenue, left home last night leaving a note behind her stating she was tired of life and did not care to live any longer.

She has been ill of late and her family believes that in her weakened condition she became despondent.

The police of this city and of San Francisco have been notified of Mrs. Coughlin's disappearance. Her husband is making an inspection of the hospitals and other places where his wife might be.

The local police have not yet received any word of the missing woman.

CHINESE EXCLUSION

Treaty Making is Awaiting the Action of Congress.

WASHINGTON, October 27.—It is understood that the efforts at treaty-making between the United States and China will await the action of Congress in the matter of amending the Chinese exclusion act in accordance with an expected recommendation of President Roosevelt in his next annual message. So far there has been utter failure on the part of the two governments to get together on a treaty.

Soon after China brought the treaty of 1894 to an end on the eighth of December last, she presented the draft of a new treaty to the State Department. This was turned over to the Department of Commerce and Labor, which has jurisdiction over immigration matters. When this department concluded with the treaty it was returned to the State Department for transmission to China. China utterly rejected the instrument in its modified form. Since that time no further steps have been taken in the matter, although the understanding here is that China is preparing a new draft.

That much has been done to lessen the rigor of the exclusion act in accordance with the expressed wishes of President Roosevelt is manifest by the increased number of Chinese who are coming to the United States. The record shows that in September twenty-three Chinese were admitted, and but 11 rejected. In September of last year the number admitted was 128.

FIREMEN BURIED UNDER WALLS OF A BURNING BUILDING

Effect a Heroic Rescue, in San Francisco Today, of Imprisoned Fire Fighters.

SAN FRANCISCO, October 27.—Suddenly, while four of the firemen were inside the burning building, one of its walls collapsed and buried them under a mass of burning debris. They were:

LIEUTENANT DAVID HARRISON, of Truck 2.

JACK ERATA, Truck No. 2.

FRANK CASSASSA, Engine No. 5.

HARRY WILSON, Engine No. 5.

HEROIC WORK.

Great difficulty was experienced in extricating the men from their perilous position. Lieutenant Harrison, who lay prostrate with a heavy iron girder across his limbs, did not lose consciousness, but, directed the work of the rescuers.

The loss is estimated at about \$100,000, well covered by insurance.

GIVE GENERAL ALARM.

The first call for the firemen was quickly followed by a general alarm, which brought most of the department to the scene. Nearly all of the adjacent buildings being of wood, a serious conflagration seemed imminent, and the force was urged to its utmost in subduing the flames.

The men had to cut through the girder with steel saws before his release could be effected.

All the imprisoned men sustained serious but not fatal injuries. Several other firemen were in perilous positions, and one or two were slightly hurt.

ST. PETERSBURG IS IN GREAT PANIC

ST. PETERSBURG, Oct. 27, 4:35 p. m.—During the afternoon the wild rumors spread and the city was seized with a semi-panic.

The students began to congregate at the university in the Vassall Ostrov district, announcing that they intended to hold the buildings, as the students of Erskoff held their university against the military, and to hold a big meeting tonight, to which workmen of all the social groups are invited.

Warnings having been issued last night that the government would not permit revolutionary meetings at the universities and higher schools under the guise of students' assemblies, General Trepoff dispatched troops to surround the building, and trouble is momentarily feared.

To add to the alarm, the strikers have succeeded in stopping the machinery of the electric light plant, and the city is plunged in darkness.

LEAPS 4 STORIES TO ESCAPE ARREST

CHICAGO, October 27.—Leaping headlong four stories to the street to evade arrest on the charges of conspiracy and fraud, Adolph Perbohner, who conducted a real estate and loan business, was dashed to death today on the pavement, dying instantly. The tragedy took place within a square of the city hall and was witnessed by scores of persons. When the police appeared with the warrants, Perbohner hurled himself through the plate glass window.

WOMAN FILES

SENSATIONAL SUIT

COVINGTON, Ky., October 27.—Mrs. Mary Thacker, widow of William Thacker, who was lynched at Flemingsburg two years ago for killing the son of George Gordon, filed a sensational suit in the Federal Court here yesterday. She sued Gordon and other citizens of Flemingsburg for \$50,000 damages for mobbing her husband, and alleges that an arrangement existed between the men and Jailer Morris to get the keys to the jail.

GROVER CLEVELAND

VISITING CHICAGO

CHICAGO, October 27.—Ex-President Grover Cleveland and his party reached Chicago at 7:40 a. m. today in a private car over the Pennsylvania lines. Carriages were taken to the Stratford Hotel. Mr. and Mrs. Cleveland were accompanied by Paul Morton, Miss Pauline Morton, Dr. J. D. Bryant, of New York, and Master Wirt Morton. The party will leave for Nebraska at 5 o'clock. The occasion of Mr. Cleveland's visit to Nebraska is the unveiling at Nebraska City of a monument erected in honor of J. Sterling Morton, father of Paul and Joy Morton.

Steamer Collides With a Light-House Tender Having President on Board.

BOTH VESSELS DAMAGED

NEW ORLEANS, October 27.—After a narrow escape from losing his life in an early morning collision, in which the lighthouse tender Magnolia, in which he was traveling, was so much damaged that he had to abandon her, President Roosevelt is now safe on board the armored cruiser West Virginia.

Neither the President nor any member of his party was injured in the accident.

Details of the accident are not complete, but immediately after it occurred hurry orders were received at Pilot Town for the light-house tender Ivy to proceed at once under full head to the steamer and take the President and his party to sea.

The Ivy passed Pilot Town with the President on board at 8:15 o'clock this morning on his way to the West Virginia. The President went aboard the West Virginia, which was lying a mile and a half off the passes, at 9:40 o'clock, and the cruiser got under way a few minutes afterwards.

APPEAL FOR HELP IS MADE.

The first news of the accident reached New Orleans by telephone at an early hour this morning, coming in the shape of an appeal for help from Captain Rose of the United Fruit Company's steamer Esparta, which was the vessel reported in collision with the Magnolia.

Captain Rose gave no details except that the boats had struck each other, that the President was uninjured, and that the Esparta might have to take him on board and carry him to the mouth of the river. The message came from Naim, La., near which point the accident occurred.

The Magnolia left here at 6:30 o'clock last night and the Esparta was due to arrive today at Chalmette. The weather was fine, with comparatively little wind on the river.

In his report Captain Rose gave no details of the accident, but said that the Magnolia was ashore.

TUG GOES TO THE AID.

Immediately upon the receipt of the news communication was opened with the tug-owners here and the powerful tugs T. R. Wilmot and R. D. Weed left New Orleans shortly afterwards, with orders to go at full speed to the scene of the accident.

Meanwhile, however, the President's party had managed to get in communication with the lower part of the river, where it was known that the lighthouse tender Ivy was lying.

"ALL IS WELL," IS THE REPORT.

At 1 o'clock the operator at Pilot Town was rung up by Major General Hill, the Government engineer, with word that the Ivy should be sent to Sixth Mile Point with all possible speed.

The Ivy got under way and covered the forty miles in rapid time. President Roosevelt, Secretary Loeb and Surgeon General Rixey, with their baggage, were at once transferred and the Ivy proceeded down the river.

When the Ivy passed Pilot Town on her way down she signalled that the President and party were all well.

The West Virginia is equipped with wireless telegraph.

THE PRESIDENT IS ON DECK.

At 9 o'clock the Ivy reached Port Eads. President Roosevelt and his party were on deck. The tender did not stop, but immediately passed out into the gulf. The West Virginia was in plain sight.

The tender quickly covered the distance separating the two vessels, and as the Ivy appeared a Presidential salute sounded from the warship.

The matter of transfer after the Ivy reached the big ship's side was a matter of but a few moments, the weather being fine and clear, with little sea running.

At 9:40 o'clock the President stepped on board the West Virginia safe and sound after his exciting experience here, and on his trip down the river. The West Virginia had already lifted her anchors, and before 10 o'clock she started on her journey up the coast.

MESSAGE OF ACCIDENT RECEIVED.

The lighthouse officers here received the following dispatch from Commander James H. Sears, U. S. N., dated Naim, La.:

"The lighthouse tender Magnolia was struck on the port side at 11 p. m., October 26, by the steamship Esparta, near Sixty Mile Point. No one was injured. The Magnolia was grounded."

"The President and party were transferred to the lighthouse tender Ivy which was accompanying the Magnolia, and proceeded to the West Virginia on time. The master, officers and pilot were on duty on board the Magnolia at the time of the collision. It is believed the Magnolia can make the necessary repairs to return to New Orleans under her own steam."

Naim is on the right, or west, bank of the river, and is in a bend. It is presumed here that both boats were running close to the shore.

As the Magnolia was struck on the port side it is the theory that she was near enough to the shore to be immediately run aground.

SAYS CAPTAIN OF POLICE PETERSEN WAS INTOXICATED

(Continued From Page 1.)

Police Department. I did not believe him until he showed me his star, as he was very much under the influence of liquor and acted more like a crazy man than a police officer. He was flourishing his gun and said he was going to shoot a man with whom he had trouble in Oakland. I quieted him

and put him on the Oakland boat. Officers De Grancourt and M. Morris were with me at the time. Respectfully,

JAMES WELSH, Police Officer.

San Francisco, October 19, 1905.

J. F. Dineen, Esq., Chief of Police—

Sir: Officer De Grancourt and the undersigned went to Oakland on the 17th

inst., and are positive that Captain Petersen of the Oakland Police Department is the man who accosted us at

the ferry building at the foot of Market street in this city some time in

March last, and that he was very much under the influence of liquor at that

time. Respectfully,

JAMES F. WELSH, Police Officer.

CORROBORATES STORY.

"San Francisco, Oct. 18, 1905.

"Chief of Police J. F. Dineen—Sir:

Officer James F. Welsh and myself positively identify Captain W. Petersen of the Oakland Police Department as the man who was drunk and

boisterous and disorderly upon a certain night during the month of February or

March last past. He introduced himself to us at the ferry building, where

we went on duty at that time. He stated that he had come over to the Lick

House for the purpose of meeting a

man who had accused him of some improper conduct with his wife. He produced a revolver and assured us that

he had no intention of being worsted in case of any encounter. He was very

much under the influence of liquor at the time and quite noisy. When we

doubted his identity he produced some letters and a black leather pocketbook

containing some Masonic emblems painted on the inside cover and bearing the name of Captain W. Petersen.

Officer Welsh dissuaded him from returning to the Lick House and induced

him to take the late 11 p. m. boat and return to Oakland. He talked in a loud

tone of voice and boasted of his weakness for the fair sex and his ability as a 'mauser.' Respectfully,

"FRANK DE GRANCOURT,

"Police Officer, Harbor Police Station."

PETERSEN'S DENIAL.

Captain Petersen declares that there is no truth in the story.

"I will make them prove what they say, too," he said. "The whole story is absurd and made up out of whole cloth. I have never been drunk in San Francisco in my life. I am not a drinking man. I never was stopped near the ferry or anywhere else by two policemen. I never showed them a pistol, a Masonic emblem, letters or anything else. Their statements to the effect that I told them that I had been to the Lick House to find a man who said that I had stolen the affections of his wife, and that I was carrying a pistol to use on this man, that I had had trouble with another man in Oakland and carried a pistol for his benefit, also are ridiculous lies without any foundation whatever in fact, and the man or men who make such statements are liars. I suppose that is what I get for making a speech in San Francisco. They have got two men to swear to these things. The people of Oakland who know me won't believe what they say; I am confident of that."

F. K. BILGER HAS PRAISE FOR MAYOR MOTT

Prominent Official Says That the Integrity of City's Executive is Unquestioned.

"I believe that anything Mayor Mott has done has been for the best interests of the people. I have faith in his business ability and I believe that he has been exercising that ability in his conduct of public affairs. Mr. Mott was elected by the people to serve them as the chief executive of the city and anything he does is for the people whom he serves. When he signed the telephone franchise he must have been acting, in his opinion, for the public good. He is honest and his integrity cannot be questioned. He is applying the same rules in the city administration that he applies in his private affairs. He has sacrificed his business to devote his time to the betterment of Oakland. We are fortunate in having such a Mayor."

The foregoing words were uttered this morning by Frank K. Bilger, the well-known street contractor and chairman of the Republican City Central Committee, who yesterday returned from a five weeks' visit to the East.

Mr. Bilger had been asked what he thought of Mayor Mott's action in signing the ordinance which allows the Home Telephone of Alameda county to compete with the existing monopoly.

FAVORS COMPETITION.

"I believe in competition," Mr. Bilger added. "Although I am not familiar with the merits of the two systems. During my travels in the East I noticed that most of the hotels, particularly in St. Louis, had the dual system, but as I was hurrying from place to place I had no opportunity of testing them. It is a logical conclusion, however, that two phones would not be installed in these hotels unless they were a success."

WILL MAKE REPORT.

Mr. Bilger went East to investigate the conditions of the streets in the large cities and he will make a report to the City Council. He first went to Chicago, but he stayed there only a short time. From there he went to Detroit and from there to the lower portion of Ontario.

"Mr. Ontario was particularly impressed with the conditions of farms," he continued. "There is nothing like them in the West. The farm houses are all of brick and their large barns and their wooden structures show that the farmers are the backbone and sinew of the country. From Ontario I went to Toronto and what impressed me there was the fine buildings. There is not a wooden building in Toronto, city of more than 350,000 population. All their buildings are of brick and stone."

THE PAVEMENTS.

"My object in going East was to look into the conditions of the pavements in those cities. Throughout the whole street pavements are mostly of brick and asphaltum. They are well kept, being swept by hand and the curbing is either of concrete or granite. That makes a fine appearance with the concrete sidewalks."

From Canada I went to Buffalo, where I remained two days. I found that city to be as busy as any in the East and its streets were similar to those of Toronto. Then came New York, the model city of the United States. So far as streets are concerned—that is, the keeping of them—New York beats all others with the possible exception of Toronto. It would take a week to describe what I saw in New York and I shall not attempt it now.

SECRETARY METCALF.

"Going from New York to Washington I met Secretary Metcalf of the Department of Commerce and Labor. Through the courtesy of Mr. Metcalf, I was shown everything of interest in the capitol. The streets of Washington were not of the best. They are so busy there with governmental matters that they haven't a great deal of time for civic matters. One thing that I was pleased to note in Washington was the high esteem in which Mr. Metcalf is held by seemingly everyone in the Capital. I heard on every hand that he was putting his very life into the work of improving his department.

"One thing I wish to impress upon you is that Mr. Metcalf is interested in the success of every undertaking in our city and he is working with every effort that in him lies for the improvement of our water front interests.

"From Washington I went to St. Louis and Kansas City. The street pavements in those cities were not of a superior quality.

"In Boston I found that they were using a new pavement known as bituthio, and composed of rock and liquid asphaltum. This pavement was laid in Cambridge four years ago and shows no signs of wear and tear. After a little further investigation I shall make a report on this pavement to the City Council.

THE ONLY PLACE.

"My return to Oakland has emphasized my belief that this city and California are the only places to live. But Oakland must forge ahead, even more than she has done in the past.

"I think that the movement started by C. C. Capwell for a consolidation of the 'Merchant' Exchange and the Board of Trade will be one of the greatest factors in the future development of Oakland. Let us have from 1000 to 2000 members of a consolidated organization, and then use advertising. Newspaper advertising is what will pay and the united efforts of those two civic bodies would result in properly placing our interests, through the newspapers, before the entire country.

"In regard to the telephone system, I have not had time to properly consider it, but I want to say this much in regard to the signing of the ordinance by Mayor Mott.

"Mr. Mott's integrity is as sure as the Rock of Gibraltar and he would do nothing without due and careful consideration. He is a man who carefully considers situations in his private business and he will pursue the same policy in public life. That is why we chose him as our standard bearer, and, in the language of the street, he has made good. He has sacrificed his private business to serve the people, and he has proved a good and faithful servant."

Of all items of dress a woman is almost fastidious—and rightly so—concerning the corset. We are amply prepared in this department to cater to any taste be it ever so particular. We carry an immense line but call attention to only a few makes which we have found most successful and satisfactory.

NEMO—Stout women gladly welcome this corset, which gives grace and style to the least graceful figure, as well as setting off one already good.

Prices..... \$1.25, \$1.75, \$2.75, \$3.50, \$4.50, \$5.00

LA GREQUE—We have exclusive styles in this make and invite your careful attention to its merits.

Prices..... \$1.75, \$3.50 to \$6.00

W. B.—One of the best and most widely known corsets on the market today. We show a complete line.

Prices..... \$1.00, \$1.50, \$2.00, \$3.50 to \$5.00

LA VIDA—A beautiful hand made, all whole bone corset. The acme of perfection in fashion.

Prices..... \$5.00, \$6.00, \$9.00, \$15.00

W. C. T. U. IN SESSION.

DRUNKENNESS IN THE ARMY IS SUBJECT OF AN ADDRESS.

LOS ANGELES, Oct. 27.—The thirty-second annual convention of the National Women's Christian Temperance Union was opened with devotion exercises at the First Congregational Church today. The six hundred delegates and presidents from every State in the union were called to order by Mrs. Lillian M. Stevens, of Maine, president of the national organization. Roll call, a report of the executive committee and the appointment of committees on credentials preceded the President's address, which was the feature of the session and which took up practically all the remaining time of the convention at its first formal meeting.

In her annual address, Mrs. Stevens reviewed the developments of the past year and saw much reason for encouragement. Upon the subject of reform bills introduced in the last Congress and which were not acted upon she said:

"At mention of this there arises before you visions of petitions you have circulated, memories of weary miles you have traveled, rebuffs you have endured, arguments you have presented, delays and postponements; but no memories of defeat, for you have wrought with triumphant spirit and that same spirit is ours today as we look forward to the coming months."

Mrs. Stevens was positive in her attitude against the re-establishment of the army canteen. She read letters from Secretary of War Taft and others, showing that army officers, as a rule, claim that there is more drunkenness among enlisted men under the canteen system than without it, but she insisted that no statistics have been compiled to support their position.

"The attempt to restore the canteen is only a slight part of the work of the liquor element of this country," said the President. "I confidently predict that Congress will take no adverse action the coming winter."

COMMERCE LAW WANT HIM TO DISCUSSION REFORM

RIVAL CONVENTIONS ARE HOLDING FORTH IN CHICAGO.

CHICAGO, October 27.—The rival interstate commerce law conventions resumed sessions in Steinway Hall and Studebaker Hall today. All prospects of consolidation of the two conventions seemed to have vanished.

When the Steinway Hall convention, the so-called "regular" body of delegates, assembled today, former Lieutenant Governor Campbell, of Iowa, took occasion to deny a report intimating that he was a Socialist. Incidentally he criticized Mayor Dunne's municipal ownership idea.

Murdo McKenzie, of Trinidad, Colo., president of the American Stockgrowers' Association, predicted that Congress at its next session, would adopt radical railroad rate legislation, which would surprise the most ardent supporters of President Roosevelt's policy.

WANDERED AWAY FROM INFIRMARY

Notices are being sent out broadcast by the Associated Charities for information concerning Edward McKee who wandered away from the County Infirmary a few days ago and has not been heard from. The description given of him is that he is 67 years of age, weighs about 170 pounds, height five feet eleven inches, American, and resided most of his life in Columbia county, Oregon.

BENCH WARRANT FOR A WITNESS

Police Judge Samuels this morning issued a bench warrant for the arrest of J. A. Frietas, who failed to appear in the Police Court and prosecute Tony Lawrence on a charge of battery.

Frietas was arrested a few hours later but was released on his own recognizance. The charge of battery against Morris H. Brown and Mike Macdonough, preferred by S. Lawrence, was dismissed.

All three men were involved in a fight over a picket fence.

PLEADS GUILTY IN POLICE COURT

Frank Scott, with a half dozen other names, this morning changed his plea from not guilty to guilty in Police Judge Samuels Court and will come up for sentence tomorrow.

Three of his companions, all beggars, have already been given the limit and it looks exceedingly doubtful for Scott, who also made his living by begging.

DUNBAR'S CASE SET FOR TRIAL

The trial of W. A. M. Dunbar, a veterinary surgeon, who was arrested yesterday on complaint of City Veterinary Archibald, on a charge of omitting to destroy horses afflicted with glanders, was set by Police Judge Smith this morning for November 21 by jury.

This One Thing!

There is a man in this State who has made some of the most marvelous results in transformation of plant life. He has produced flowers of rarest beauty and perfume by crossing and cultivation. Along lines of his own he can make blackberries white, makes plums and prunes grow without seed, makes different colored flowers grow on one bush, and seems to be able to change the very nature of things to suit his own fancy. His wonderful success is due to his devoted attention to one thing—mastering the plant.

And that is our business method. We have divided the various lines that we are supplying into different kinds, allotting each kind to the care and attention of one particular man—a very particular man—a specialist—one who can say "THIS ONE THING I DO."

Just now the efforts of all are combined on the one thing—increasing sales in their respective Departments. Goods must be sold—Now—at once; that is why we have so many things so strangely priced—some mentioned here for Saturday, others not mentioned at all.

Because You Pay the Wholesale Price

There's just one kind of shoes that have all the Regal advantages of correct style, glove-like fit, and good long wear—the made-to-order shoes produced by a few fashionable bootmakers.

But those same made-to-order shoes cost you never less than \$10 a pair, and they aren't eight cents better in any particular—model, material, measurement or workmanship—for Regals are copied from the same exclusive originals.

Regals are a good deal better than "six-dollar shoes at the wholesale price,"—for there isn't a six dollar shoe made that can be offered to you in the new styles as early as the Regal by two months, and not one that affords you the Regal quarter-size choice of fittings.

—All just because the Regal direct one-profit "tannery-to-consumer" system saves the delays and the profits and the commissions that go to make the difference between the real value of the ordinary shoe and its retail price.

CHARLES OF DENMARK MAY BE MADE KING

To be Chosen to Rule Over People of Norway—King Oscar's Stiff Letter.

PARIS, Oct. 27.—Information reaching the highest quarters here shows that different reports have been made by which Prince Charles of Denmark, following a plebiscite on November 17th, will be chosen to rule over the people of Norway.

Princess Charles will leave Denmark to assume the royal functions immediately after the notification of his election is conveyed to him.

STOCKHOLM, Sweden, Oct. 27.—King Oscar has definitely and formally declined the offer of the Norwegian throne to a prince of the house of Bernadotte, and in a letter to the president of the Storting in his capacity as king of Norway, he has declined the offer.

After having in the name of Sweden recognized Norway as a state completely separated from Sweden, he has informed you of my decision to relinquish the crown of Norway, which notwithstanding all my good intentions has given me in the course of years so many bitter experiences. I could no longer wear it to the benefit of the country, but the final decision of the Storting has rendered illusory even the supposition of the king.

But I desire only the welfare of the country and the nation to which I have entertained a sincere affection ever since my youth and to be happy in which it has always been my heart's desire to contribute so long as the means to that end could be reconciled with the duties entailed by my position as king of both countries of the Scandinavian peninsula.

In view of the turn the mutual relations between the two countries have taken, I cannot think that it would be conducive to the happiness of either Sweden or Norway that a prince of my house should accept an

SPREADING THE TIDING OF GREAT REVOLUTION

St. Petersburg is in an Uproar—People Warned That They Will be Shot Down.

ST. PETERSBURG, Oct. 27, 12:30 p. m.—Warnings to the people that in case of disorder the soldiers will fire ball cartridges are posted on every street corner today.

The city is calmer on the surface under the rigorous confidence directed at all snappers to take down the boards from shop windows luring the night and this morning the city awoke to find the shops reopened.

Little squads of soldiers are scattered along the streets and in the markets to preserve order. Even detachments of the crack guard regiments like the Piorbratsky Semenovskiy and Horse Guards are doing patrol duty. Nevertheless beneath the surface there is much excitement.

The revolutionists have spread the tidings that a revolution has begun and the city is filled with the wildest rumors. For example, a story is afloat that a provisional government has been established. The better classes are afraid to venture out. Many meetings were held during the night.

CRAVING FOR LIBERTY.
Though the task of continuing the general strike more than a few days seemed utterly hopeless to the practical minded, it is significant of the deep rooted craving for liberty that the agitators have experienced little difficulty in inducing all classes of workmen to join in the anti government demonstration.

FAVOR A STRIKE
At a meeting of delegates from the provisional union, socialist doctors, druggists and lawyers it was decided to strike from October 28 until a constituent assembly is summoned.

The late advice from Minsk, Kiev and Sverdlov are disquieting. With a single exception the newspapers of Kiev have declared in favor of a strike. All the drug stores in Sverdlov are closed and the towns are without artificial light and no newspapers are published. The Sverdlov town council has organized a committee for the protection of the citizens.

The stores in St. Petersburg have ceased running and the employees of the bureau of ways and communications and even the bank employees have agreed to affiliate themselves with the movement. The printers have resolved upon a unique demonstration to voice their demand for a free press. They have decided not to print a single regular newspaper tomorrow, but to publish instead a single sheet of unprinted paper for distribution by the workmen containing the details of the proletarian for a constituent assembly.

BAD IMPRESSION
Just when reports were abroad that

SITUATION IS ALARMING
PARIS, Oct. 27.—Official despatches continue to arrive unintercepted from St. Petersburg. They show the general condition of the agitation leading the authorities here to regard the situation as alarming. Unofficial quarters and the newspapers discuss the Russian situation as verging on a revolution.

52 Years Ago

Hostetter's Stomach Bitters was first offered to the sick people of the world and from that time on has been regarded as the standard remedy for all ailments of the Stomach, Liver and Kidneys. Its unequalled record of cures is a sure guarantee of its merit.

Hostetter's Stomach Bitters

Is therefore the medicine needed by everyone whose stomach is weak whose appetite is poor, or whose kidneys are unable to perform their proper functions. Its results are certain.

Sour Stomach, Vomiting, Heartburn, Cramps, Constipation, Headache, Dyspepsia, Indigestion, Colds or Grippe.

Young girls and women who suffer every month from their peculiar disorder can be cured by the Bitters.

PREDICTS DANGER

U. S. Minister Barrett Gives Warning to American Nation.

NEW YORK, October 27.—"The United States is facing a critical epoch. The next five years will determine whether this country or Europe is to be the dominant force in South America. Germany, England, France, Spain, even Holland and Belgium are making tremendous efforts to capture the Latin-American market. Unless we change our attitude quickly we shall wake up to find that we have been distanced in the race."

John Barrett, United States Minister to Colombia, who is now in this city, spoke thus at a reception given in his honor by the Bero-American Club last night.

The question of American trade with the Orient," continued Mr. Barrett, "I consider of greatly less importance at the present time than that of our trade with South America. South America is of far more consequence to us than Asia. The foreign trade of all Japan was no greater than that of either Argentina or Brazil."

The hour is a critical one and European countries recognize it. By establishing steamship lines and by sending out high-class consuls and confidential agents they are doing everything in their power to capture the trade supremacy South American development will astonish the world, and it is very near."

COLLINS IS OUT ON BAIL

ACCUSED LAWYER IS OUT ON SURETY COMPANY'S \$15,000.

SAN FRANCISCO, Oct. 27.—The prophecy of George D. Collins that he would soon be out on bail was fulfilled last night when Judge Carroll Cook signed the order admitting the accused lawyer to bail in the sum of \$15,000. The Aetna Indemnity Company went on the bond and the names of the friends of Collins who put up the money for his release could not therefore be discovered.

It was shortly after 10 o'clock last night when Attorney Boardman presented himself at the County Jail with the order for the release of Collins signed by Judge Carroll Cook and approved by Judge Lennon before whom the case is being tried. No information was given as to who the friends of the disgraced attorney are who are satisfied that he will not attempt to leave the jurisdiction of the California courts and that he will remain in jail, even if Gibson, as he threatens to get her without making any concessions such as she asks for.

EMMA EAMES AT ALHAMBRA
FAMOUS SINGER DELIGHTS CRITICAL AUDIENCE WITH MANY SELECTIONS.

Emma Eames, the famed vocalist, gave the first of two concerts in the Alhambra Theater last night and was greeted by a large, fashionable and critical audience. She was welcomed with all the enthusiasm which her previous triumphs justified and her every number evoked hearty applause. Encores were demanded after every selection.

The program was varied and exacting. The singer rendered, among other pieces, the aria "Costi Fan Tutti" "Ti Bacio" "Tosti's "Good-bye," "Henschel's "Spring Song," and a number of others. In each of them she showed herself to be still the possessor of a voice, manner and magnetism capable of commanding the appreciation of the lovers of all that is rich and rare in vocalism.

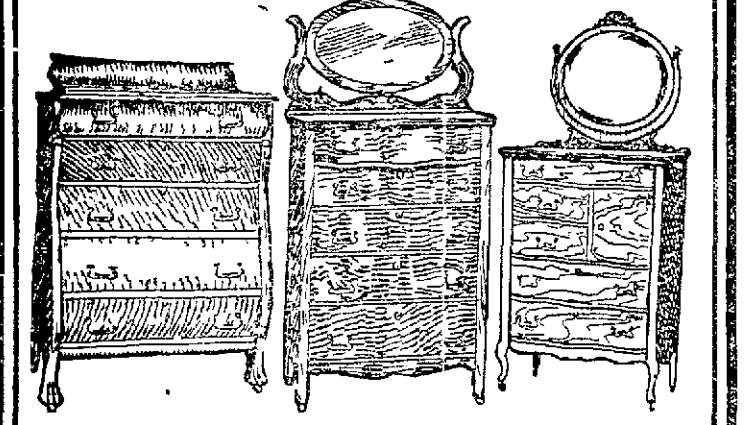

Emma Eames is supported by artists who are worthy of the principal, and who deserve the recognition vouchsafed to them last night.

The next concert will be given at the same place tomorrow night, when excerpts from "La Tosca" and a new group of songs will be rendered.

An English writer says: "Seldom do I rise from the table without the passing flash of a remembrance sentence. Thank you papa and mamma for my nice dinner please may little boy get down?"

Bishop Hannon of Uganda, in describing some of his experiences in central Africa, said recently that though many of the medicine men had been converted they could not be induced to exchange their confession so far as to divulge their undoubted valuable remedies for native diseases. Some of the converted medicine women were not so reticent, but their revelations were generally worthless.

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and praise in the strongest possible terms, each and every student entering into the make-up of Dr. Pierce's Golden Medical Discovery, the famous stomach tonic, liver invigorator, heart tonic and regulator and blood cleanser. This is also equally true of Dr. Pierce's Favorite Prescription, for the cure of all those weaknesses and distressing ailments peculiar to women.

No other medicines sold through drug stores for domestic use, can show any such professional endorsement. Dr. Pierce's above mentioned remedies are not alcoholic and not secret, all their ingredients being printed on each bottle wrapper. They occupy a unique position and are in a class all by themselves. They are neither secret nor patent medicines. They are powerful to cure but safe to use in any condition of the system, even for the most delicate women and children.

Pure triple refined glycerine, which is used instead of alcohol both for extracting and preserving the active medicinal principles from the roots of the several American forest plants entering into Dr. Pierce's medicines is much superior to alcohol for these purposes and is entirely free from the objectionable features inherent in alcohol inasmuch as it produces only salutary influences upon the system. While alcohol, even in moderate portions, is continued as in the treatment of obstinate ailments is very injurious and often begets a craving for stimulants. Furthermore glycerine itself is a most valuable curative agent instead of being a harmful habit forming agent like alcohol. Its nutritive properties, Dr. Pierce and many other eminent in the profession believe to be of great value in the liver oil, entailing it to favorable consideration as a remedy in all cases of incipient consumption especially when it is combined with the active medicinal principles extracted from Black Cherry bark, Queen's root, Stone root, Golden Seal root and Bloodroot, as in Dr. Pierce's Golden Medical Discovery.

Besides its superior nutritive properties glycerine is a very valuable demulcent and thereby greatly enhances the remedial action of all the foregoing roots in the cure of severe coughs, bronchitis, throat, laryngeal and other kindred affections of the air passages and lung. In all wasting diseases where there is loss of flesh and gradual "running down" of the system the glycerine certainly plays an important part in lessening the breaking down and wasting of flesh and in promoting assimilation and increase of bodily strength and weight. It is a powerful reconstructive agent in all cases of impaired vitality and especially valuable when associated and combined with such superior alcohols and tonics as in "Golden Medical Discovery" and "Favorite Prescription". Its wonderful solvent properties also play an important part in the cure of gall stones and severe constipation. Glycerine is also one of the very best anti ferments and as such counteracts the excessive fermentation of food in the stomach present in most cases of indigestion or dyspepsia. Thus the pain, belching of noxious gas, bloating and other disagreeable symptoms are overcome and the Stone root, Golden Seal root, Bloodroot and other ingredients of "Golden Medical Discovery" are greatly assisted in their action in completing a cure.

As will be seen from the writings of Drs. Bartholin, King, Scudder, Hale, Wood, Haro Johnson, Geo. Ellingwood and other high authorities is contained in the little book mentioned below these agents can confidently be depended upon for the most positive cure in all cases of weak states of the stomach accompanied with distressing indigestion or dyspepsia and kindred resultant affections of the liver, kidneys and other associated organs.

Read from the writings of the authorities above quoted, under the headings of Golden Seal root, Stone root, Black Cherry bark, Bloodroot, Queen's root and Bloodroot, in a little book of extracts, compiled by Dr. R. V. Pierce, and which will be sent you free on request addressed to the Doctor at Buffalo, N. Y. and you will learn that all these ingredients are recommended as remedies for indigestion or dyspepsia and "liver complaint" as well as for the cure of all catarrhal affections wherever located, also for the cure of lingering coughs arising from bronchitis and lung affections. All are ingredients of "Golden Medical Discovery" combined in such proportions that each enhances the curative action of all the others.

The "Discovery" must not be expected to produce miracles. While it is especially suited for the cure of all chronic lingering coughs that are curable, it is not so effective in acute colds and coughs unless slippery elm mucilage, flaxseed tea, solution of gum arabic or other mucilaginous demulcent be taken freely in connection with its use. Nor must the "Golden Medical Discovery" be expected to cure consumption in its advanced stages. In its early stages it will stay progress and delay the onset of the disease to such an extent that a reasonable length of time. Send for the little book noted above and learn what those most eminent in the medical profession say of the ingredients of which Dr. Pierce's medicines are made and thereby learn why they cure obstinate diseases.

By reading some of the extracts from eminent authorities contained in the little booklet mentioned above, treatment of the several ingredients entering into "Golden Medical Discovery" it will be readily understood why this famous medicine cures obstinate kidney and bladder affections, chronic diarrhea, all catarrhal affections, no matter in what part of the system existing. By reason of the Stone root and Golden Seal root contained in it, it is a most effective curative in all cases of chronic catarrh of the bladder and other affections of the heart as you will understand from the writings of Drs. Faine, Hale, Ellingwood and others, concerning Stone root, Golden Seal root and Black Cherry bark which are to be found in the little booklet above mentioned.

Doctor Pierce's Pleasant Pellets cure biliousness, sick and bilious headache, indigestion, constipation or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belching, heart-burn, pain and distress after eating and kindred derangements of the liver, stomach and bowels. Put up in glass vials tightly corked, therefore always fresh and reliable. One little Pellet is a laxative two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels.

A good medical book written in plain English and free from technical terms is a valuable work for frequent consultation. Such a work is Dr. Pierce's Common Sense Medical Adviser. It is a book of 1008 pages profusely illustrated. It is given away now although formerly sold in cloth binding for \$1.50. Send 25 cents in one cent stamps to pay for cost of mailing only for proper covered copy, addressing Dr. R. V. Pierce, Buffalo, N. Y. or 31 cents for an elegantly cloth bound copy.

NEEDLE PARALYSIS

DR. WILLIAMS' PINK PILLS THE ONLY SAFEGUARD.

One of the Afflicted Tells How They Restored the Use of Pained Fingers

Too steady use of a particular set of muscles tends to chronic fatigue which produces faulty or difficult motion, trembling, cramps and even paralysis. Writers, stenographers, telegraphers, tailors and seamstresses are among the classes most threatened in this way with the loss of their power to earn a living.

The only safeguard is to keep up the supply of nerve force through the blood which carries to the nerves the food that support their strength. The following instance shows that nerve power may be recovered after it seems entirely lost, if the right means are taken. Mrs. O. S. Blacksten, of No. 584 North Bowman street, Mansfield, Ohio says:

For years my hands would become so numb at times that I would drop anything I attempted to lift. Latest troubles effected by Dr. Williams' Pink Pills. That very day I got a box and began to take them. The result was surprising. Thanks to Dr. Williams' Pink Pills I am now all right. I can sleep undisturbed by pain and I am intact as well as I ever was in my life.

One day a book was left at my door. I looked at it and got interested in reading accounts of cures from nervous troubles effected by Dr. Williams' Pink Pills. That very day I got a box and began to take them. The result was surprising. Thanks to Dr. Williams' Pink Pills I am now all right. I can sleep undisturbed by pain and I am intact as well as I ever was in my life.

Dr. Williams' Pink Pills have made some marvelous cures in severe nervous disorders because they feed the blood with vital elements and to restore lost nerve force. And through the blood they strike at the root of all common blood diseases such as anaemia, general weakness, indigestion, headache, neuritis, rheumatism, sciatica, lumbago, backache and the special ailments of women when the blood becomes poor or irregular. Dr. Williams' Pink Pills are sold by all druggists or direct from the Dr. Williams' Medicine Company, Schenectady, N. Y.

fect the smelting industry. About 500 men at Sunnyside are temporarily thrown out of work. Sixty per cent of the Utah Fuel Company's loss is covered by insurance.

Enter Bill Sykes With His Club

Dropping the role of the Artful Dodger, the megaphone of the telephone monopoly comes out in the more appropriate character of Bill Sykes. If Fagin would now step out of the wings the cast in the conspiracy to betray the city to the Sunset Company and ruin the reputation of Mayor Mott would be complete. But the Bill Sykes bludgeon is only a stuffed club, as harmless for offense as the tricks of the Artful Dodger were vain to deceive. And Fagin stands out from the open.

"Mayor Mott has done the bidding of his masters," says the monopoly's megaphone, licking its dry lips in rage and disappointment that the price for delivering His Honor is now an uncollectible asset.

Mayor Mott has done the bidding of the only masters he knows—the decent people of Oakland. Because he refused to obey an indecent command given in an indecent manner for an indecent motive to commit an indecent act he is assailed with indecent abuse. It is a testimonial to his manhood and his fidelity to the public interests that he has refused to let his honor and his oath of office be placed in pawn by a political "fence."

Frank K. Mott requires no defense at the hands of any man or newspaper. If his career of uprightness in public and private life does not render him proof against aspersions so base and malicious and prompted by motives so manifestly sordid, defense would be superfluous. If the honorable reputation he has built up by long years of business integrity and exemplary habits can be blasted by a breath so foul from a source so tainted, then he has nothing in the sight of men to lose. It is impossible that any man's character can be impeached by attacks so ignominiously inspired as those directed at Mayor Mott and the majority of the Council.

The Sunset's megaphone complains that the Mayor acted hastily in signing the franchise ordinance before the full ten days allowed by law had elapsed. It was signed on the afternoon of the seventh day after it came into the Mayor's hand. Does this look like haste? Do not the facts here, as in every other instance, put the Enquirer to shame for practicing gross deception on its readers. The megaphone alleges that it had other facts and arguments to present. It has had nothing at any time to offer save the mouldy fixed ammunition prepared in advance and kept in stock for such emergencies by the telephone monopoly and furnished the organ to explode in the effort to prevent the admission of competition into this field. Aside from the ammunition supplied by the Sunset, the organ has only stinkpots at its command.

"Only cowards fear to face the facts," says the megaphone. The Enquirer has never once faced the facts during this controversy. On the contrary, it has deliberately suppressed the essential facts of the case. It has put aside consideration of the actual conditions here presented to discuss hypothetical and irrelevant questions. It has studiously ignored the conditions and term of existence of the Sunset franchise. It has persistently misrepresented the character and terms of the franchise ordinance the Mayor, in obedience to the demands of justice and the overwhelming wish of the people, very properly signed.

"Only cowards fear to face the facts." Not always. There are others. Liars and grafters, for instance.

The megaphone suggests that the Mayor recite "The

The editor of the Sacramento Union editorially rebukes one of his reporters for referring to the President's daughter as "the first maiden of the land." Why not call the city editor to account for neglecting to use the blue pencil? It seems to us that the proper way would have been to discipline the reporter inside the office and not assault him editorially. The punishment is cruel and unusual, therefore unconstitutional, which is a high crime and misdemeanor in the editor of the Union, who sleeps with the Constitution and covers himself with the Portland Oregonian.

The insurance investigation promises to enrich the language with a new term, terse, illuminating and descriptive. "McCurdled" accurately describes something that has never yet been appropriately named.

The Czar is finding it harder to make peace with his own subjects than it was making peace with Japan. It is said that the war of the Spanish Succession made possible the French Revolution. It may be that in trying to grab Manchuria the Czar has made a revolution in Russia possible if not probable.

We have an idea Grove L. Johnson would have said nothing

Fool's Prayer." The suggestion would have been eminently proper had he permitted himself to be delivered to the Sunset monopoly by the limited partnership of political pawnbrokers now calling him names. The Enquirer had better down on its marrowbones and say "Oh Lord, be merciful to me, a sinner"—if, indeed, it be not past praying for or destitute of a soul to save.

Only two objections raised by the megaphone to granting the franchise are worthy of consideration. In considering them we need not inquire why the Enquirer raised them at the instance of the telephone monopoly—the Enquirer has endeavored to prove that a competitive franchise is of enormous value; how much more valuable must be an exclusive monopolistic franchise having a life of thirty-seven years?

The Enquirer contended that a franchise should be granted for a term of only twenty-five years. It would take the grantees at least three years of that time to get their plant to the profit-producing stage. Then they would have to make rates that would enable them to get operating expenses, interest on the investment and a return of the capital invested during the ensuing twenty-two years. The Sunset's plant is already in operation and its franchise would still have twelve years to run after the expiration of the competing franchise. These ineffable facts reveal the bogus character of the megaphone's hypocritical desire to protect the public, the impudent fraud of its solicitude for unborn generations. All it was ever striving to do was to protect the telephone monopoly from aggressive, legitimate competition.

Being driven from this untenable position, its hypocrisy exposed, the Enquirer flung itself in the last ditch with the monopoly, declaring that there should be no competition in the telephone business on any terms. To bolster up its contention it quoted abundantly from the paid writers and organs of public service monopolies, together with some general theorizing on the subject of franchises which take no account of concrete facts such as are presented to the people of Oakland. Finally, throwing off all disguise and divesting itself of shame, the organ declared the telephone business "a natural monopoly," and that a monopoly gives the people better service at lower cost than competition. In doing this it cast aside as unworthy of consideration the experience of Los Angeles, Pasadena, Riverside, San Diego and other cities in California, and many other Eastern cities in which competitive telephone systems have been installed. In theory a monopoly can serve the public cheaper and better than competition, but in fact it never has and never will. It is the invariable rule that monopoly overcharges and renders poor service. It is always oppressive and bad-mannered to those compelled to patronize it.

That has been Oakland's experience with the telephone monopoly. The Enquirer contends that this condition shall not be altered for thirty-seven years to come.

But why did the Sunset megaphone fail to denounce the Council and the Mayor for passing and signing the recent ordinance granting the Oakland Traction Company a fifty-year exclusive franchise along East Fourteenth street? Why were the Councilmen not accused then of being franchise grabbers and the Mayor charged with betraying the people? Those are questions the megaphone will not answer. What sort of a person is it that fears to face the facts? Perhaps the line's busy.

OPIMUM AND CHINESE STUDENTS. In the Pekin Times appeared the following "Chih Jung-heng, the literary chancellor of Hunan, has addressed an eloquent memorial to the throne asking that the habit of opium smoking be stopped among students. He points out that China's future depends upon a high state of efficiency, both physically and mentally, and nothing is more calculated to deteriorate both mind and body than this baneful drug. The Imperial regulations with regard to schools urge the abolition of all forms of self indulgence, and the memorialist finds that in those districts where the students indulge in this habit of opium smoking the most unsatisfactory results have attended the examinations. "Proclamations have been issued and much personal advice given in regard to opium, but these are useless, and it has been decided that nothing will have any effect unless the students are given to understand that no degrees will be bestowed on those who smoke opium. Opium is at the root of all China's weakness and corruption, and before China can hope to rid herself of the evil she must check the habit among her young men. "Chih Jung-heng therefore urges that the literary chancellors in each province be directed to enforce this rule strictly so that the holder of one degree will be debarred from a second so long as he sticks to the opium habit. The memorial is being considered."

The Making of Permanent Friends

A few weeks ago we announced what we called "a friend-making sale." It was the first time that we ever held a special sale in our clothing business. Competitors laughed at our claims, hinting that we would not "make good" on our promises and ridiculed the idea that our efforts would make permanent friends.

Our effort has been successful beyond what we even dreamed. Thousands of people have tested us and each day has seen an increase of business caused entirely by one satisfied customer bringing another. We have satisfied the men by selling the newest of clothing and furnishings at prices that seem ridiculous. We have satisfied the mothers by selling children's suits and underwear, sweaters and caps at just about half their regular values.

Now we have brought forward our reserved stock and hereby announce that for ten days more this special sale will continue. It is an opportunity you cannot afford to miss. We will not boast, we merely invite you to come to the store, look over our goods as much as you wish, mark well our prices and there will be no necessity to ask you to buy.

EVENTS IN LOCAL SOCIETY

WEDDING DATES
ARE ANNOUNCED

ENGAGEMENTS AND WEDDING
DATES OF INTEREST TO
SMART SET.

Cards will be out in a few days for the marriage of Miss Juliet Garber, daughter of Judge and Mrs. John Garber of Claremont, and Frank D. Stringham of San Francisco.

The wedding will take place at the beautiful Garber home, and will be one of the interesting society events of the coming month.

CARD TOURNAMENT.

The Hallowe'en Card Tournament to be given by the Ebel Club for the benefit of the building fund, Tuesday evening, at the club house, corner of Harrison and Thirteenth streets, promises to be one of the notable events of the season. The decorations, score cards, etc., will be illustrative of Hallowe'en. After the game, refreshments will be served, and forty prizes will be awarded to the highest scorers.

The upper floor of the clubhouse, known as Reed Hall, will be devoted to the game of five hundred, and the lower floor to whist.

Many minor card parties are being made up for the evening, groups arranging to play in the same section, and several card clubs are planning to attend in a body. There will be eight tables to a section on the five hundred floor, and on the lower floor, six tables will constitute a section. The following will be in charge.

General manager, Mrs. E. C. Capwell; assistant general manager, Mrs. E. D. Yorker; manager of the five hundred floor, Mrs. Ernest J. Cotton; manager of the whist floor, Mrs. Edwin C. Morrison.

The five hundred sections will be in charge of the following:

Mrs. J. Loran Pease, assisted by Miss Adah Brown; Miss Mable Thayer Gray, assisted by Miss George Strong; scorers, Miss Bessie Cotton, Miss Bessie Spangler, Mrs. Irving Lewis, assisted by Mrs. Lucie May Hayes; scorers, Miss Conklin and Miss Edith Schultz; Mrs. Fred Alhardt, scorers, Miss Estelle Drummond and Miss Carner Sutton, Mrs. George Bornemann, assisted by Mrs. T. SOCIETY PEOPLE PLAN PLEASANT DIVERSION FOR THE MONTH.

Welles Whitmore, assisted by Mrs. F. B. Ogden; scorers, Miss Ehrenberg, Miss Leslie Manual, Miss Marguerite Ogden.

H. C. Capwell will be floor manager of the whist section, and S. J. Taylor of the 500 section. Judges will be selected from among the players to award the prizes.

EVENING PARTY.

Miss Myrtle Coleman and Miss Whitehead will entertain this evening at a party to be given at 1509 Brush street.

Among those invited are: Misses Agnes Pyper, Clara Westover, Sara Kahn, Alice Callan, Elizabeth Reed, Dorey Bernstein, Ida Shetty, Katherine Foster, Lea Bernstein, Florence Coleman, Lottie Ehrlich, Lella Rutland, Anna Woodbridge, Alma Kahn, Messrs. George Sevelins, Paul Swafford, Herbert Pratt, Earl Stevenson, Charles Barnum, Will McNamara, Ben Lerner, Murray Bernstein, Leland Dunham, George Whitehead, Irving Coleman, Bert Rosenberg, Ernest Allen, Ellis Coleman, Al Estern and Walter Allen Jr.

WEDDING DATE.

The marriage of Miss Bertha Blum of Martinez and Edward Coghill, son of Mr. and Mrs. Thomas B. Coghill of Jackson street, has been announced to take place December 5 at the bride's home in Martinez. The wedding will be a simple home affair. After an extended honeymoon Mr. Coghill and his bride will make their home at the Stanley ranch, Napa county.

LARGE RECEPTION.

Mrs. F. C. Havens of Piedmont has sent out cards for an elaborate reception to be given Friday afternoon, November 3 in honor of Mrs. Vance Cheney of New York. Mrs. Cheney will give a brief talk on "The Evolution of Consciousness," and a large number of guests have been invited.

SURPRISE PARTY.

The home of Mr. and Mrs. George Politt, 1406 Ninth street, was the scene of a pleasant affair on last Tuesday

evening, when the members of the Union Street Presbyterian Church choir tendered Mr. Politt, organist of the church, a surprise. The choir met at the home of Mr. and Mrs. J. E. Whitehead on Union street, and then proceeded to the home of Mr. Politt. The Rev. Dr. Boyd, who has been supplying the pulpit during the absence of the pastor, the Rev. Dwight Potter, for the past three months, was invited with his wife as guests of the choir. Vocal and instrumental music were rendered, and games indulged in after which refreshments were served.

Among those present were: Rev. Dr. and Mrs. Boyd, Mr. and Mrs. Geo. Politt, Mr. and Mrs. W. J. Oaks, Mr. and Mrs. J. E. Whitehead, Mr. and Mrs. A. J. Bradley, Mr. and Mrs. Geo. Perkins, Mr. and Mrs. I. McCurdy, Mr. and Mrs. J. Dahl, Miss Aldrich, Miss M. Sampson, Miss E. Matheson, Miss E. Whitehead, Miss M. Oaks, Miss Eva Williams, Clyde Berntrager.

CHURCH WEDDING.

Miss Eunice M. Moyle, daughter of Mr. and Mrs. William F. Moyle, and Harold Meads, son of Mr. and Mrs. S. P. Meads, were married Tuesday evening at the Free Baptist Church. The bride was attended by Miss Marion Meads as maid of honor, and two bridesmaids, Miss Irene Moyle and Miss Rita Tuck. Little Lionel Watkins, a cousin of the bride, was ring-bearer. Albert Meads attended his brother as best man.

After the ceremony at the church a reception was held at the home of the bride on Brush street. Mr. and Mrs. Meads will spend their honeymoon in the South.

POSTPONED AFFAIR.

The informal reception which Mrs. J. Q. Brown had planned yesterday for her mother, Mrs. Francis Gayer, of New York, has been postponed owing to unavoidable delay in Mrs. Gayer's arrival. She is expected here on Saturday, and the "at home" in her honor will take place next Thursday.

WRITERS WILL MEET.

W. C. Morrow of San Francisco will deliver the first of a series of lectures tomorrow morning at Ebel. These talks, treating of the different aspects of fiction, will be given under the auspices of the original writers' section, and a large attendance is expected of those interested in the making of stories.

AT THE PALACE.

Mr. and Mrs. Dent Robert arrived Wednesday from the East and are occupying apartments at the Palace Hotel for the present. Mrs. Robert was Miss Elizabeth Woodson of New York, and congratulations are being showered upon the happy couple.

AT LUNCHEON.

Mrs. William Hamilton Morrison entertained yesterday afternoon at an informal luncheon for Miss Mona Crellin, who leaves with Miss Jane Crellin next week for an indefinite stay abroad. Covers were laid for eight and after the luncheon bridge was enjoyed.

AN ENGAGEMENT.

The announcement yesterday afternoon of the engagement of Miss Stella Fortmann and Dr. T. Edward Bailly is of interest to society on this side of the bay, where the young people have a number of friends. Their marriage is to be quietly celebrated in about a fortnight. The engagement was made public at a reception given yesterday by Miss Fortmann in honor of Miss Jessie McNab, who is herself to be a bride of the near future. Miss Fortmann is

the daughter of Mr. and Mrs. Henry S. Fortmann and a charming girl, handsome, traveled and cultured. She is a great favorite in society and has many friends in San Francisco. Dr. Bailly is one of the cleverest physicians in the city and occupies an enviable position both in the social and professional world.

HAVE RETURNED.

Mr. and Mrs. Frank Baldwin, who have been the guests of Mrs. Baldwin's parents, Mr. and Mrs. E. H. Kittredge, left yesterday on the steamer Nebraska for their home on Maui, Hawaiian Islands.

AMONG THE GUESTS.

Among the callers yesterday at the elaborate reception given for Miss Bessie Coghill were Mrs. Minor Goodall, Miss Violet Whitney, Mrs. Harry Knowles, Mrs. Egbert Stone, Mrs. Andrew Moseley, Mrs. Thomas Crellin, Mrs. William Barnham, Mrs. Parkinson, Miss Viva Nicholson, Mrs. William Hamilton Morrison, Mrs. Walter Hughes Henry, Miss Crellin, Mr. Alfred Eastland, Mrs. Charles O. Brown, Mrs. Allen Harwood Babcock, Miss Louise Kellogg, Miss Emma Mahony, Mrs. A. D. Thomson, Mrs. John Connors, Miss Mollie Connors, Miss Seville Hayden, Mrs. E. M. Walsh, Miss Gladys Meek, Mrs. James Watson McClure, Mrs. Charles E. Palmer, Mrs. Roland G. Brown, Mrs. Lillian Brown Everts, Mrs. C. E. Prather, Mrs. Harry East Miller, and many others.

ANNUAL BANQUET ATTRACTS
LARGE ATTENDANCE IN
PIONEER HALL.

Last night the annual banquet of the Retail Coal Dealers' Association of California was held in Pioneer Hall San Francisco, and attracted a large attendance of members not fewer than 250 dealers occupying seats around the board. An appetizing menu was discussed and at intervals excellent music by the California Mandolin Club, comprising Arthur P. Snow, Robert H. Williams, Horace Hancock and George E. Lund, of this city, together with happy responses to a number of practical sentiments added to the pleasure of the guests. Among the banqueters were a number of coal dealers from this side of the bay, and among them were the following: George G. Jamieson, H. A. Longfellow, P. C. Fredrickson, J. Davis, F. W. Cody, R. Martin, C. Nannan, T. C. Hamann, H. Nash, A. R. Phillips, H. M. Robinson, W. D. Macdonald, C. A. Ocker, Robert Brown, J. D. Vestal, John Hawkins, George A. Cockerton, C. H. Joy, A. E. Weeks, A. H. MUNICIPAL GRAFT
"ROASTED" BY WHEELER

PACIFIC GROVE, October 27.—His patriotism stung to the quick by widespread prevalence of graft in State and municipal affairs, President Benjamin Ide Wheeler made a remarkable speech at the session of the Monterey County Teachers' Institute yesterday. Under the head "What Should Be Taught in a Grammar School," Wheeler decried and held up to ridicule the present methods and studies. The thing wanted in education, he said, is the transference of life power, not an accumulation of dead learning.

The most essential teaching in religion is not that which consists in dogmas, definitions and ceremonial as interpreted by churches, but an attitude of life by which we order our actions in accordance with a larger perspective.

"The next thing most necessary is instruction in morals and manners, good form both in speech and action. After these prime needs come manual training, where hand, eye and brain can learn to work together, agriculture, providing this is not regarded as a concession to demagogues, then music interpreted three times or more in every session in spontaneous fashion such as prevails in Germany, where every teacher is a singer. To these he would add civics, that the end might be attained which

S.S.S. OUR RECORD

With medicines as with other things, the surest test of worth is the length of time they have the confidence of the people. The efficacy of S. S. S. has been thoroughly proven by experience, and so successful has it been that today it is the best known and most widely used blood remedy in the world. For diseases such as Rheumatism, Catarrh, Scrofula, Skin Diseases, Sores and Ulcers, Contagious Blood Poison, and other troubles due to an impure and poisoned condition of the blood, no remedy acts so promptly and thoroughly as does S. S. S., and thousands throughout the country, cured of such diseases, are daily recommending it to others similarly afflicted. ITS FORTY YEARS OF EXISTENCE HAVE BEEN FORTY YEARS OF CURES. S. S. S. is a blood purifier of the highest order, containing properties necessary to cure blood troubles of every character, and which make it the greatest of all tonics. It goes into the blood and drives out any and all impurities, and makes this stream of life strong and healthy, and when this is done disease cannot remain. Being made entirely from roots, herbs and barks, chosen for their healing, purifying and building-up properties, it does not injure any of the delicate organs or tissues of the body as do those medicines which contain Potash, Mercury, Arsenic or other harmful minerals, but cures safely as well as permanently. S. S. S. reaches deep-seated and inherited cases on which the ordinary Sarsaparilla and tonics have no effect. It is no experiment to use S. S. S.; it is a remedy with a record; it has proved its worth and ability by its forty years of cures. If you need a blood remedy begin the use of S. S. S.; write us about your case and let our physicians advise you and send book on the blood; no charge for either.

BASEBALL YACHTING BOXING RACING

VARITY IS KAUFMANN AND O'BRIEN READY FOR TONIGHT'S BATTLE

IN FINE SHAPE BOTH FIGHTERS ARE IN GRAND SHAPE

BERKELEY, October 27.—The Varsity will line up tomorrow afternoon against the team from the Oregon Agricultural College of Corvallis, Oregon. It is an aggregation of players that will weigh about the same as the Varsity. They are credited with an average weight of 177 pounds to the player. They are especially strong at center and at the other line positions.

The Varsity is in fine shape for the fray. The team will no doubt line up much as it did at Los Angeles last Saturday, although there will be a better chance to put more men into the game. Some of those who did not go South will probably be in the play some of the time.

AT CENTER.
Haffey and Taylor are playing a great game at center, both of them, and the race for the place is a close one with the chances a little in favor of Haffey for the big game. At right guard Gray and Foster are working hard and both of them have gone into most of the games. The right tackles are Captain Jim Force, who did great work at Los Angeles; Stowe and Watson. Both of the last named men are making a fine showing, especially Stowe in his tackle lucks. In case the captain of the Varsity for any reason has to leave the game, he will have two good men to take his place.

FIGHT FOR PLACE.
A pretty fight is on at left tackle between Bush and Richardson. Elliott at right end is the logical man for the position. Al Coogan, however, is one of the best experienced ends on the field and would make them all hustle but for his lightness. He has been in most of the games, however, and stands a good chance of getting into the big game.

At the other end of the line are Kittrell who played the entire game in last year's Varsity's contest, and Jordan. The chances are that the former will go in first, but Jordan is hard after the honor and has a good record to his credit in the games played so far this year.

BEHIND LINE.
The stars of the team this year are the men behind the line. In their recent game at Los Angeles they made a remarkable record and Herre Hamilton, in speaking of their work, said last night: "The work of the California backs was great. The Indians would make their openings for a play through the line, the play would start fast and as it reached the line the heavy backs would throw themselves against the attack and not an inch would be made past the line for two downs. Then the Indians would be forced to kick. On the offensive they were lost and the team work was good."

FOR FULLBACK.
The most prominent man for the fullback position is Sperry, who was called "Big Bill" by the Los Angeles press. His line smashing is terrific and he is hard to head off on a run around tackle. His closest opponents are Watson and Retzhard. At right half, Snelgar is the fastest man and the biggest ground gainer. He is also strong on the defense, throwing his great weight into every play. Lane and Starnes are hard after his position. The other half there will be a close contest between Gocher, Mead, Cerf and Arlett.

The most important position that is doubtful is the quarterback place. The prominent men for the position are Whitman, Booth and Schneider. It is impossible to pick the man from among them who will get into the big game.

FORMER COAST MEN MAKE GOOD

Statistical features of the baseball race in the National and American Leagues during the 1905 season that closed last week contain much information that is interesting to Eastern fans and the Pacific Coast people, who have been watching the games, and more particularly the work of graduates from this league.

Once again the American league was fortunate enough to have a close race, that was not decided until the very last of the contest, while with the Nationals it was foregone conclusion that the Giants could not be defeated.

Taking the American League, it is found that three times in the season did pitchers shut out opposing teams without a hit. The men are Henry, of the Athletics; Smith, of the Chicago White Sox, and Dineen, of Chicago. Last year there were two "no-hit" games pitched by Cy Young and Tamm, both of Boston. There have been four games this year, in which teams have made only one hit, but no one has reached Young's record of blanking a team without letting an opposing batsman reach first.

TWO-HIT GAMES.
In the list of pitchers who have won two-hit games appear the names of Willie Hoge, of the New York Americans, and Jimmy Wiggs, of Detroit. Hoge won his game against Boston June 24, while Wiggs won from the same club September 30, almost the close of the season.

Hoge also has his name in the record of three-hit games, when he beat Detroit, while again, on September 20, he beat Philadelphia, allowing but three singles. Buchanan, the ex-Oakland player, on August 27, assisted St. Louis to a victory over Chicago with three hits.

Christy Mathewson is the only National League pitcher who has shut out an opposing team without a hit or run. This is the second time in four years that the feat has been accomplished in the National League. There have been four National League games this year in which neither team made more than three hits off the opposing pitcher. In one Overall and McFarland opposed each other and held their opponents to three hits, on April 29, Cincinnati winning the game, 2 to 1.

Overall also appeared in a one-hit game when Cincinnati beat Philadelphia June 17. On June 4 Jake Thielman, the German Baron, of the Portland team during 1904, held Cincinnati down to three hits. Both of these men, however, suffered severe trouncings during the season. On June 12 Pittsburgh hit Thielman and Brown 17 times safely, while September 7 the same club found Overall, who was retired in favor of Walker, again in that game Pittsburgh made 17 hits.

JACK O'BRIEN

Philadelphia Jack O'Brien and "One Round Al" Kaufmann completed their training at their respective training quarters yesterday afternoon, and when they meet tonight at Woodward's Pavilion before the San Francisco Athletic Club, there will be little to choose between the pair in the matter of condition. They have trained three weeks, hard, faithful work being in order at both training camps, and two more thoroughly conditioned athletes would be hard to find. Kaufmann will go into the ring weighing 190 pounds, while his adversary will balance the beam at about 170.

Jack O'Brien cannot understand why he is not the favorite in the betting. It is possible that the fight fans are over-rating this young heavyweight, whose most dangerous ring opponent so far was Harry Foley.

They seem to forget that O'Brien has won championship honors on this and another continent, and that he is a man of class.

Jack is not inexperienced in the handling of heavyweights. He was so far the best of the middleweights that he had to go out of his class to secure matches and most of his recent encounters have been with men much heavier than himself. O'Brien will not be at all afraid of Kaufmann's gigantic proportions.

Both Jack and Al expect to win on a knockout, and it is hardly likely that the fight will go the limit. They are to fight under the straight Marquis of Queensberry rules, which permits of fighting at all times, and cautions the fighters to protect themselves in the breakaways and in the clinches.

That style of fighting is now most popular with the fight fans, who like to see plenty of fast milling.

Two preliminaries will precede the big show.

Mike Fisher's tramps again defeated the Commuters yesterday afternoon at Idora Park by a score of 2 to 0. The local men were unable to hit Brown at the right time although during the game they piled up a total of seven hits. The feature plays were made by Oakland. There were two double plays—first to Kelley to Moskman and Franks to Moskman—and Dunleavy and Byrnes made three batters. The pitching of Iberg was not up to the standard.

Willie Wolf of the Ariel Rowing Club, was the only champion of last year to defend his title at the Olympic Club last night, and he was successful in retaining the honor. Six new champions were created. The final bouts were all of the whirlwind order. Five of the seven contests resulted in knockouts, and the two decisions were favorably received.

All of the Battler's best fights have been won beyond the ten-round mark, and most of them have ended between fifteen and twenty. It may be interesting to quote from Bat's record up to the end of 1904. Born in Copenhagen, the Dane is 23 years old. Out of sixty-six battles here are the ones which he lost:

Joe Headmark, six rounds; Pete Boyle, four rounds; Mickey Eddie Santry, six rounds; Charles Berry, six rounds; Charles Berry round goes, you see.

U. OF C. MEN ELEVEN MEET ROOT FOR IN EAST OREGON

BERKELEY, October 27.—At the senior singling last evening the men of the class decided to sit on the east bleachers at the football game tomorrow, opposite the California section, and to form a rooting section for the visiting team from the Oregon Agricultural College. This action was taken because the visitors will not have any supporters with them.

The football team of the Century Athletic Club will play Van Der Naillen's School of Engineering tomorrow at 3:00 p. m. at the new grounds of the Century at Shasta and Valdez streets, near the Twenty-third-avenue level. The Van Der Naillen team will have to go some as the Century has a strong team and has won all games played this season.

SHOULD KAUFMANN BE THE FAVORITE?

AL KAUFMANN

Local patrons of the fighting game seem to have allowed their friendly feeling for California fighters to get the better of their judgment when they installed Al Kaufmann a favorite in the betting on his fight with O'Brien.

Looking over the past performances, O'Brien's grand record of over two hundred ring engagements should make him the logical favorite, but the fight fans must have been strongly impressed with the decisive manner in which Al disposed of his seven opponents in seven short rounds.

It must be remembered that O'Brien is a fighter of class and would have accomplished just what Kaufmann did if he ever were matched with the same kind of talent.

It may be a repetition of the Neil-Mottatt fight, when the Native Son was made a ten to three favorite over the Eastern fighter and lost the coin.

ALL R-I-G-H-T M'GIBBEN HERE

Bob McGibben, who for years has filled the position of announcer for the California Jockey Club, arrived from New York yesterday, accompanied by his wife and Robert Thomas McGibben, Jr. The latter young man became a member of the McGibben household during the journey East, and is yet several months shy of celebrating his first birthday. His happy parents are very proud of the little New Yorker.

Advised in rumor that causes one to ruminate that after all Berry Wall started in an off year and was only a ready-made clothing doll, Bob's dazzling Broadway effects created an awful ripple in turf circles and along the line. Better than all, he brought back a stack of yellow backed currency, that if drop-

ped on the track would derail the Overland Limited.

Announcer McGibben stated, while igniting a \$3 perfect to with a \$5 bill, that every Easterner fortunate enough to be the possessor of a pair of hob-nailed shoes will be out here this winter. Incidentally Bob McGibben inferred that his rifle, mellow basso profundo, which has been undergoing special treatment, will be a revelation to race track patrons on the opening day at Oakland.

Mandarin, last spring considered the best youngster in the barn of Francis R. Hitchcock, has not recovered from the injury received in his maiden race at Brighton Beach and has been put aside in the hope that he will round to and make a good three-year-old. Thus it happens that the president of the Saratoga Racing Association will not have a starter this year in the Consolation Stakes at Bunnings, which he won last fall with Dandelion.

Eliminate from the blood the uric acid and lactic acids that cause rheumatism by using Lash's Kidney and Liver Bitters.

TURF GOSSIP OF INTEREST

It is rumored that Clint DeWitt has refused an offer of \$20,000, made by John A. Drake, for Gold Rose.

The stable of Thomas Hitchcock Jr. will be raced at Bunnings and then go into winter quarters at Alken, S. C.

Torgorder may be a Hindoo on the Canadian circuit, but he is a good hoodoo around New York.

Green Morris says no horse he has ever trained—and he has trained many good ones—showed him as much speed as has Gold Rose.

The sour-tempered Rose of Dawn may end her racing career with the close of the present season in the East. It is said to be the intention of Herman B. Duryea to breed her to Irish Lad next spring.

"What Woodsaw wants is a soft track," says A. J. Joyner. "He is not sufficiently sound to race his best over a hard track. Were he sound he would be one of the great three-year-olds of the season."

After Gamara got first money in the Southampton Stakes through the disqualification of Coy Maid, the pad-dockites at Jamaica voted that the L. dockites at Jamaica voted that the L. in Maurice L. Hayman's name could not mean anything else than "Lucky."

Thomas Sexton, purchaser of the horse Ostrich for \$4,500 at last week's sale of G. L. Richards' horses, is a milkman and a new comer on the turf.

The horse Reo has reverted to John A. Drake. The transfer was announced in stakes alone.

at the Jamaica track. It is thought that C. E. Mahone's claim was a friendly one and there was no money consideration involved.

Fred Johnston will send Schulamite to Silver Brook Farm in New Jersey next week and she will accompany the stallions and broodmares of Clarence H. Mackay to Kingston Stud in Kentucky. November 1, Mr. Johnson had leased her racing qualities for the season from Mr. Mackay. She has had had feet and it was decided by Mr. Mackay to retire here permanently.

Newton Bennington has decided to send four older horses and twelve of his yearlings to race this winter at the Crescent City Jockey Club's meeting in New Orleans. They will be in charge of U. S. Wishard. Seven of the yearlings are now in charge of trainer Gleason at Belmont Park and five in charge of George Miller at East Mill-stone. They will be sent to Wishard's stable at Shropstead Bay immediately and will be tried there previous to being shipped.

Billy Karrick says he will try again with Klamasha for the American mile record before the season closes in the East, but he will delay the effort until the Aqueduct meeting. Unless he de-qualifies at Coy Maid, the pad-dockites at Jamaica voted that the L. to be run Thursday next, it is not probable that Klamasha will be seen at Jamaica.

It is announced from France that Jockey L. Reiff is betrothed to a daughter of Denman, the trainer for Edward Blanc. Last year Denman won for the owner of Val d'Or \$230,000 in stakes alone.

TONIGHT'S BATTLE ON THE SQUARE

ALEX GREGGAINS

The Kaufmann-O'Brien match was made through the agency of Alex Greggains, manager of the San Francisco Athletic Club, and this is an absolute indication that tonight's battle will be on the square. Greggains never knowingly mixes up with anything off color. There is not a better or more open-hearted sporting man on the coast than Alex Greggains, and when he says that tonight's battle engagement is a good one and above board, fight fans may rest assured that such is the fact.

SMALL FIRE

Improvements in District Gas Facilities

FRUITVALE, Oct. 27.—A small, two-room frame house belonging to W. M. Simpson, near the corner of Fruitvale avenue and Old County Road, was destroyed by fire at 6:25 Thursday morning. By speedy work with a borrowed small hose coupled to one of his own by J. B. Bartlett, who lives next door, and by the Fruitvale fire department, of which the chemical engine nearest and hose company No. 1 responded promptly, Simpson barn, only a few feet distant, was saved, as well as Mr. Bartlett's house.

Mr. Simpson and his wife had gone to Elmhurst. Wednesday afternoon, that she might care for a sick friend, it is reported, but Mr. Simpson was returning Thursday morning and was waiting at East Fourteenth street, with a transfer when he was notified that his home was on flames. The house was built about a year ago, and Mr. Simpson had just added a week or so ago, about \$75 worth of hand-some furniture to make home comfortable. Mr. Simpson said there was some insurance, but not a tenth part sufficient to cover the loss.

The origin of the fire is unknown, but when first discovered it was apparent that it had started at a rear corner near the ground.

The promptness with which the fire department turned out yesterday has assured all that with better facilities as to water, the department can be depended upon for efficient work.

IMPROVED GAS FIXTURES.

The Oakland Gas, Light and Heat Company is putting in a district gas "governor" on Fruitvale avenue near the Old County Road. It requires the digging of a hole about twenty feet square and as many deep. Certain mechanism will be installed in the hole.

The purpose of this "governor" is to prevent fluctuations in the gas light in a large district which become disagreeable as the section becomes more settled. The company has also about completed the putting in of four miles of steel pipe in Fruitvale. A noticeable thing, of interest to all of a mechanical turn of mind, is the improved pipe couplings, of which rubber rings and bolts form the "velvet" parts.

The rummage sale in East Oakland, by the ladies guild of the Fruitvale Congregational Church is in progress, having commenced Thursday.

DEATH OF J. L. HOLLIS

Peacefully Sinks to His Last Rest

HAYWARD, Oct. 27.—James Lyman Hollis died here Thursday morning at 8 a. m. He passed peacefully away, after a long and useful life. It is expected that the funeral will occur Saturday. The funeral will be in charge of the Masonic order, of which he was a member.

PERSONAL.

Walter Oakes, a brother of George Oakes, from Ben Lomond, Santa Cruz county, and John Freitas, of Half Moon Bay, are in town for a few days.

Mrs. Nellie Knox and Mrs. Julia McWilliams are in Hayward visiting their sister, Mrs. Chas. E. Fish. The ladies are from Trinidad, Cal., and are en route home from the Portland Fair.

The eighth grade pupils of the grammar schools will make a tour of the salt district and also the beet sugar factory at Alvarado this afternoon.

LAND SOLD.

S. M. Moran and others have sold, through Charles Prowse, six acres of the Culp tract to Jose Francisco for \$2000. Mr. Francisco will begin immediately the erection of a house and barn. The five acres adjoining the six he has bought are in currants, and have paid \$500 net—\$100 per acre—for the past two years. Mr. Francisco's piece is also under cultivation with currants, with young apple trees in between and already bearing some.

THE HUMANE SOCIETY.

The Humane Society will meet at the town hall Oct. 31st, evening to conclude the purchase and location of a public drinking fountain.

The basketball teams of the Hayward High and the San Francisco Commercial High schools will contest at Hayward tomorrow.

Daniel Ticknor, the oldest Free and Accepted Mason in California, celebrated his ninety-third birthday at the home of Mrs. J. A. Smith on B street, Oct. 18th, and his wife, her eighty-third birthday, Oct. 23rd. He is blind but otherwise quite hale and hearty, and several generations of their children are settled in this vicinity.

DRAMATIC READER WILL BE HEARD

BERKELEY, Oct. 27.—Margaret Barry, a well known dramatic reader, will recite selections from Victor Hugo's Les Miserables this evening in Hearst Hall. The reading will take place under the auspices of the University Dramatic Association. The recital will not be open to the public but invitations may be obtained from members of the Association.

Madam Barry has appeared in the principal cities of Europe and America and has won great success in the line of character portrayal. Her favorite work is taken from Victor Hugo's masterpiece, Les Miserables, Valjean, and other great successes. This will be principally the program of her recital this evening.

Cures Winter Cough.

J. E. Gover, 101 N. Main St., Ottawa, Kans., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stop the cough, and she is able to be up and well." 25c, 50c and \$1.00. Sold by Wishart's Drug Store, corner Tenth and Washington streets.

M., was at half mast Thursday, for the death of James Lyman Hollis, of Hayward, one of its oldest members, both in length of membership and in age. Mr. Hollis was 77 years old, and a native of Vermont. The lodge will have charge of the funeral.

THE REVIVAL.

Revival meetings are increasing in interest. Services Saturday evening and Sunday evening at Nevill Hall. On Sunday evening Charles Reid of San Leandro, will sing the beautiful solo, "Tell Mother I'll be There."

LIBRARY LECTURE.

Tonight, Prof. R. D. Hunt will deliver for the benefit of the Free Public Library fund his interesting and instructive lecture on "Building the Empire State of the Pacific," in Masonic Hall. It is hoped that the hall will be crowded.

The Minster Club of Holy Cross Church gives its entertainment at St. Joseph's Hall, Saturday evening of this week.

ADVERTISED LETTERS.

Are awaiting Frank Corea, Manuel Bermuda, Katie Lonty and Mrs. A. Royer.

SHE WAS BEATEN BY HER HUSBAND

Mrs. Christie Knego, residing at 467½ Tenth street, this morning made the office of Prosecuting Attorney Leach ring with her denunciation of her husband while she was procuring a warrant for his arrest on a charge of battery. She said he had come home last night and used his fists on her in violation of the marriage vows he had made but a month ago. She was shocked, chagrined and shamed by her husband's actions.

After the warrant for Knego's arrest had been issued and was about to be served the wife underwent an electric change. While the police officers were searching for her husband, she was tearfully waiting in the office of Prosecuting Attorney Leach to revoke her former action.

It took the combined efforts of William J. Hennessey, Police Court Clerk, and Prosecutor Abe Leach to keep Knego out of jail. The wife rescued her spouse just as he was being brought into the City Prison.

EMPEROR LUNCHES 2,000 NAVAL MEN

TOKIO, October 27, 2 p. m.—The Emperor invited 2,000 naval officers to luncheon at the Shiba Palace today, and an equal number will be entertained by him tomorrow at the same place. This action upon the part of the Emperor is unprecedented.

The commander of the Tokio division gave a farewell garden party yesterday at Takeshiki for the Russian officers kept prisoners there. Toasts to the Emperors of Russia and Japan were drunk with enthusiasm.

STUDY OF BUGS

Entomological Folk to Have Building

BERKELEY, October 27.—The new entomological laboratory, the small square structure on the east of the gymnasium, is now being occupied by some of the classes and is supposed to be ready for occupancy throughout by early next week. Although not a new building by any means, it fills a long felt want for more room in that department.

The building contains four stories. The first floor is one large room devoted to lecturing. Around the sides will be placed laboratory tables for the experimental work of the students. Upstairs will be Professor Woodcock's office, a library, a room for work of advanced students, rooms for those students working on individual researches, and also three rooms of different temperatures for experimental work.

On the third floor the physiological and anatomical laboratories will be situated, together with a room for sketching and such work, and another for photography.

STRUCK BY A TRAIN.

Riding along the tracks of the Seventh street local, Herman Lorenzo, a fifteen-year old youth, was struck by the 9:20 o'clock train at Harrison street on its westward trip this morning, and how he escaped being instantly crushed by the wheels of the locomotive, those who witnessed it are unable to explain. As it was his head was cut considerably and his right arm dislocated and crushed, but it is believed that this will eventually heal and bother him but little. He was picked up as soon as possible and hurried to the Receiving Hospital, where Dr. Stratton and Riggan placed the boy under an anesthetic to relieve his pain, and then reduced the dislocation and set the fracture.

Lorenzo lives with his parents at 1464 Thirteenth street, but works for Lancaster, the tailor, at 970 Washington street. It was while riding on his bicycle with a pack that he was to deliver that the train came up behind him and knocked him over and he fell between the engine and the tender. He stated that he did not hear the engine's whistle until it was too late and the train was upon him. It is stated that several boys were in the crowd, and Lorenzo says that if he had heard them he would have gotten out of the way, but that the first he knew of it was when he heard the whistle and saw the train over his shoulder at the same time.

TRAMPS SENTENCED.

Frank Kelley, alias Robert Fisher, professional beggar, was this morning sent to jail for six months by Acting Police Judge Quinn on a charge of vagrancy and was sentenced to fifty days additional on a charge of drunkenness. He is the third of a gang of professional beggars who are apparently making Oakland their winter headquarters to be sent to jail for the limit. Frank Scott, the fourth member to be arrested, pleaded not guilty to the charge of vagrancy and demanded a jury trial which was set for November 7th. He pleaded guilty to a charge of being drunk and will come up for sentence on the same date of his trial.

It so happened that the four arrested men give their first names as Frank. This may be a coincidence or it may be the distinguishing name of the society to which they belong.

ORDERED TO ISLANDS.

BUTTE, Mont., October 27.—The Twenty-fourth regiment, U. S. A., yesterday received orders to proceed to San Francisco, whence January 5th it will sail for Mindanao, P. I., to relieve the Twentieth regiment. The regiment is divided, being stationed at Fortresses Harrison, Missoula and Assiniboine.

TALK OF FOLK LORE

Meeting of Society Across the Bay

BERKELEY, Oct. 27.—The third meeting of the California Branch of the American Folk-lore Society, which was recently organized at the convention of the national society, will be held in the Red room, St. Francis Hotel, Monday, October 30, at 8 o'clock. The evening will be devoted to a discussion of Japanese Folk-lore. Several persons will speak on topics connected with popular beliefs of the Japanese, and contributions and comment are invited from all interested. You and your friends will be cordially welcomed.

Meetings of the society devoted to Chinese and Hebrew folk-lore will be held in Berkeley, November 14, and

HEROIC RESCUE OF A WOMAN

CHICAGO, October 27.—A despatch to the Tribune from New York says:

Intended merely for a moving picture scene action, a make-believe rescue of a woman on a supposed-to-be runaway horse in a park yesterday became an episode fraught with imminent danger. Miss Adele von Ohi was the woman rider who was to be rescued. Policeman Fitzgerald was to do the rescuing.

The race, with every mark of reality about it, was almost run. Just then Miss von Ohi's horse was seen to swerve. She was not prepared for it and lost her poise in the saddle. She grasped the pommel of the saddle, or she would have fallen and have been dragged head downward. Her left foot was still in the stirrup. Clutching the rein, she hung while her horse galloped on for twenty or thirty feet, her head and arm grazing the ground.

Fitzgerald at the first sign of real danger had redoubled his efforts. In a flash he had abandoned his original intent to stop the horse. He now was bent upon rescuing the rider. He overtook the horse and leaned down and seized Miss von Ohi's waist. In an other second he had lifted her and swung her over in front of him and upon his own horse. Miss von Ohi had fainted.

SOUTHERN PACIFIC'S HOSPITAL CAR

CHICAGO, October 27.—An especially designed hospital car of the Southern Pacific Railway, which was on exhibition at the Rock Island station yesterday, contains an operating room equipped with all appliances such as can be found in the most modern hospital. The car is equipped with a dietary kitchen, to be used when the car is leased for the transportation of an invalid. Another novel feature is the arrangement of berths. When not in use these berths are sunk into the floor, leaving the entire space in the main section of the car free, with movable chairs for seats. Each berth has a regular spring and mattress like an ordinary bed, and can be raised or lowered to any convenient height from the floor to permit an attending nurse or doctor to get at the patient easily.

MISSIONARY WOMEN IN NATIVE ROBES

NEW YORK, October 27.—Thirty women foreign missionary workers appeared last night in gaily colored robes and duplicates of their native dress to show what kind of converts they are making across the sea. They appeared before the members of the Woman's Foreign Missionary Society of the Methodist Episcopal Church, which opened the thirty-sixth annual session in St. Paul's Methodist Episcopal Church.

One by one each woman had the floor and related a formal history of her work, giving her name, the place where she worked and a little history of the people and her surroundings in the Orient. The missionaries were all summoned from the audience by Mrs. John Legg, president of the New England branch of the society.

The greeting was given by Mrs. S. L. Baldwin, president of the New York branch. She said:

"Our society has been called by some the finest organization in the United States, while others have questioned what we do with over a million dollars each year."

Miss Cyrus D. Foss presided. The reports of the various committees showed that about \$14,000 more had been collected this year than last, and that a greater number of missionaries would be sent to stations to carry on the work.

SHE GETS \$1 A DAY FOR REST OF LIFE

CHICAGO, Oct. 27.—A despatch to the Record-Herald from St. Louis, Missouri, says:

Mrs. Sarah J. Westervelt yesterday was awarded damages of \$1 a day for the rest of her life, estimated at fifteen years, in her suit against the St. Louis Transit and United Railroads Companies, for injuries received in a street car collision. She is 44 years old. Judge Barclay, before whom the suit was tried, figured with insurance companies, and in his address gave the jury the estimate of the plaintiff's life term, which served as the basis of the verdict.

TO SPEND MILLIONS

Railroad Company Has Ordered Just 25,000 Freight Cars.

NEW YORK, October 27.—The New York Central Railroad placed orders yesterday with several manufacturing companies for a total of 25,000 freight cars, calling for the expenditure of about \$25,000,000, says the Times. This order exceeds that placed last week by the Pennsylvania Railroad for 21,000 cars, which until yesterday was the largest order for equipment ever placed by a railroad in this country. The orders placed yesterday are for delivery all through the year 1906. These orders, it is said, do not represent the total of the Central's requirements. In all probability more cars will be provided today.

Contracts for this record breaking amount of equipment were let yesterday by Vice-President Brown of the New York Central. The equipment will be divided between the New York Central itself and the Lake Shore and Michigan Southern. None of it is intended, so far as is known to the manufacturers, for the Vanderbilt lines west of Chicago. Except the cars ordered from the Pressed Steel Car Company, the order calls principally for wooden cars of the Gondola and box varieties.

GOVERNMENT MAY DEAL IN INSURANCE

CHICAGO, October 27.—A despatch to the Tribune from Washington, D. C., says: Shall the United States Government go into the insurance business?

This question will be asked with a good deal of force at the opening of Congress. Individual representatives from different districts, including widely separated sections of the country, have indicated their intention to introduce bills regulating life insurance and even fire insurance business. Inquiries have been made of the Bureau of Corporations at the Department of Commerce and Labor, and other investigators have been studying methods in the office of the Comptroller of the Currency. All these researches, as conducted by individual Congressmen, have had for their one object the development of data going to show the necessity of Federal control of the great insurance corporations.

There will be a number of bills introduced at the opening of Congress which will sweep away all intermediate steps and will provide that the United States Government shall go into the life insurance business and into the fire and marine insurance business, as well, if such a thing be possible.

Of course, no one expects that any such radical legislation will be passed at this session of Congress, but several members of the House seem to have become imbued with the idea that the time is ripe for a radical and even a Socialistic departure in the direction of a more paternalistic theory of government.

ONLY A SUGGESTION

But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest and that food should be nutritious or flesh-forming food, like eggs, beefsteak, and cereals; in other words the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we eat enough, and generally too much, we do not properly digest and assimilate it, which is the reason so many people remain thin and underweight; the digestive organs do not completely digest the flesh-forming beefsteak, eggs and similar wholesome food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs.

If such persons would lay their prejudices aside and make a regular practice of taking, after each meal one or two of Stuart's Dyspeptic Tablets the food would be quickly and thoroughly digested, because these tablets contain the natural peptones and diastase which every weak stomach lacks, and by supplying this want the stomach is enabled to reach its natural tone and vigor.

Stuart's Dyspeptic Tablets digest every kind of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit, as they contain no strong, irritating drugs, no cathartics nor any harmful ingredients.

Stuart's Dyspeptic Tablets are the most successful and most widely known of any remedy for stomach troubles because they are the most reasonable and scientific of modern medicines.

Stuart's Dyspeptic Tablets are sold by every druggist in the United States and Canada as well as Great Britain, at 50 cents for complete treatment. Nothing further is required to cure any stomach trouble, or to make thin, nervous, dyspeptic people strong, plump and well.

PLAY AUDACIOUS HOAX UPON A "DIG"

Students Persuade College Man That He is to Take a "Prof's" Place

--Bedlam Follows

BERKELEY, October 27.—Two hundred University students perpetrated yesterday afternoon, upon a junior, Nathan A. Eisner, what is believed to be the most audacious, spectacular and successful hoax ever engineered by undergraduates. Mr. Eisner was persuaded to believe, through the use of a student device, that Professor Martin Flaherty, of the English department, desired Eisner to conduct his class in argumentation during the afternoon, and believing this, Eisner solemnly accepted the responsibilities of the place and for an hour sat in Professor Flaherty's chair, while a room full of resourceful youths, assisted in making a roaring farce out of the proceeding.

So audacious were some of the devices used to provoke merriment at Eisner's expense that a few of the more conservative members left the class room, deciding to be party to a proceeding that threatened to attract the attention, later, of the students' affairs committee.

Eisner, throughout the recitation, remained in ignorance of the colossal hoax of which he was the victim, and has not yet been informed of the deceit practiced upon him.

Many daring tricks have been attempted by nervy undergraduates at the University in the past, but the palm for audacity is conceded to the youths who inveigled Eisner into Professor Flaherty's chair this afternoon. The professor has a large class, and Eisner is one of his star pupils; in the language of the students, a quiet "dig."

Professor Flaherty found it impossible this afternoon to meet his class, and left a note to that effect on his door. Students promptly added words to the note, informing all that Professor Flaherty would not be present until 3:45 o'clock, and that, during his absence, N. A. Eisner would have charge of the class. Eisner was persuaded that honors were being heaped upon him, and proceeded to take Flaherty's place.

The class was to debate the question of Japanese immigration. There was a debate, but not of the sort styled academic. Students indulged in the most audacious personalities while debating, made allusions that frightened some of the timid members, and frequently assailed Eisner, so that, as director of the class, he felt obliged to ask that scandalous expressions be omitted.

Professor Flaherty was informed later of the affair, but declined to say what would be done with the students who had engineered the audacious hoax.

One good customer of Vinol, who is seventy-eight years of age, says he would not take \$1,000 for the good it has done him, and we wish every aged person in Oakland would try Vinol on our guarantee to return money if it fails. The Owl Drug Company.

Some people at fifty call themselves old, and really appear so, while others at seventy seem active, vigorous and young.

A reporter of the TRIBUNE happened in the store of The Owl Drug Company, Oakland, the other evening, and this subject was brought up. Said Mr. Specht of the above firm: "It is a fact and we see it illustrated every day right here in Oakland. It is not years, old age does not begin at any time, but it is loss of vital force that makes a person old. A severe sickness, weakened digestion, thin blood, or poor circulation soon starts vitality on the wane and then a person rapidly ages."

"On the other hand," continued Mr. Specht, "if the people of Oakland only knew how our cod liver preparation, Vinol, wards off old age, we would not have clerks enough in our store to supply the demand."

"You see, Vinol contains all the vitality making, body-building principles of cod liver oil, but without a drop of the system-clogging oil. It strengthens digestive organs, makes rich, red blood, repairs worn tissues, checks the natural decline and replaces weakness with strength."
